

From 3 -> 1 need

Program

- Lessons learnt og prioriteret behov.
- Annoncering af teams
- Arbejde i teamet med at diskutere prioritering af behov

Teams

TEAM 1

- Malthe
- Cecilia
- Mats
- Natacha

TEAM 2

- Ahmed
- Mathilde
- Marcus
- Johanne

Prioritering af behov

- Udgangspunkt i hvad vil I med Business&Innovation kurset?
- Kobling mellem PM, motivation, kompetencer og behovet -> hvor er fællesnævneren i teamet?

Til næste fremmøde 9 nov

- Udvalgt behov
- Alle sat sig ind i behovet
- Aftalt hvordan/hvor filer, viden, data gemmes og deles.
- Formuler en team mission:
 - En mission statement besvarer "hvorfor eksisterer vi", og vedrører nutiden - modsat vision statement som vedr. den fremtid som vil være hvis vi fuldfører vores mission.
- Send team mission til sys@inox.dk inden 9. nov.
- Giv jeres team et navn
- Opret et Trello board under B&I og navngiv det med teamnavnet

Eksempel fra BioMedical Design Fellowship

Our vision is to lead change and development in healthcare, industry and society by fostering outstanding capabilities in health innovation.

Our mission:

Develop an internationally oriented talent program in need-driven HealthTech innovation and entrepreneurship.

The program will foster creative experts who :

- impact healthcare and society through new technology and business creation.
- navigate interdisciplinary environments and have the ability to bridge between academia, health and industry.
- Influence health innovation culture together with patients, providers and industry.
